 A 3D CAD model of a muzzle break component, labeled 'muzzle break 1'. It features a cylindrical body with a series of longitudinal slots or grooves around its circumference, and a threaded section at the rear. The front face is a flat circular disc.	muzzle break 1	1
 A 3D CAD model of a muzzle break component, labeled 'muzzle break 2'. It has a similar cylindrical body with longitudinal slots, but the front face is a flat, angled disc that tapers to a point.	muzzle break 2	1
